#### -WYATT DID GOOD JOB-

Wyatt did an extraordinary job against homes started. He fought right up to the end for the measures he considered essential to keep the program rolling. In a memorandum he sent to the White House on November 20, he put in blunt language what he saw as the choice.

The memorandum makes it clear that the dispute over 100 per cent RFC loans for rental housing developments was only one item in the controversy.

Wyatt told the President that channel-Wilson Wyatt, who has resigned as fed- ling of materials, continuation of priorieral housing expediter, was not notably ties and premium payments, a check of successful in expediting home construc- real estate speculation and other emertion during his regime. How much of the gency steps were necessary if the veterans'

## The Washington Merry-Go-Round

BY DREW PEARSON

Washington-A lot of miners were not in sympathy with the coal strike and John L. Lewis knew it. The strip coal miners, especially, were lukewarm, and were returning to work in droves. That, un-

doubtedly, was one factor behind his strike col-

However, Lewis had a nucleus of miners, especially in western Pennsylvania, w h o were ready to go the limit for him. And though, fortunately, they had no chance to use it, they had an answer all ready for the President's Sunday night radio appeal

asking them to go back to work. U. M. W. leaders had planned to have thousands of miners each mail a shirt to the White House. With it was to go the inscription: "You have taken the shirt off our back. You can go back to the haberdashery business.'

All of which illustrates the temper of one segment of the population in one of the worst domestic crises the nation has ever experienced.

#### FIREPROOFING CHRISTMAS TREES

Apropos of Christmas, don't forget about fireproofing your Christmas tree. A yule tree needn't be a serious fire hazard. And if, you are using candles instead of electricity, you can fireproof your tree by following these simple directions from department of agriculture chemists:

1. At the corner drugstore, buy a quantity of ammonium sulphate equal to onefourth the weight of the tree. That is, if the tree weighs 12 pounds, you need 3 pounds of the chemical, which is cheap and easily available.

2. Put the chemical in a glass jar or some other container with a narrow mouth to lessen evaporation, and add one and a half pints of water for each pound of ammonium sulphate.

3. While the tree is still fresh, saw off

a small part of the trunk at the bottom, preferably at an oblique angle or in a V shape. Then set the tree in the solution in a cool place, away from direct sunlight, and leave it there until the solution is ab-The degree of fire resistance of your

tree depends upon the amount of solution absorbed; so the more that's absorbed, the safer your tree. Also, the increased moistion clearly, sign your name and ture content helps to keep the tree green address, and (IMPORTANT) Mail and preserve it for a longer time. These preventive measures may re-

#### New Industrial Construction In Escanaba

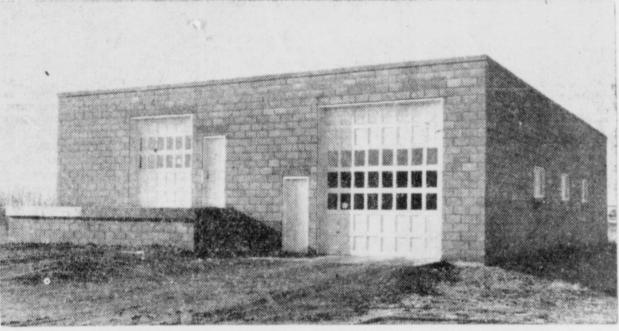

FISHING TACKLE FACTORY — Workmen this week are putting the roof on the future home of the Worth fishing tackle company at the corner of 23rd street and 15th avenue north. The building and office will have a floor

space of almost 5,000 square feet. Alfred Brandt, Escanaba contractor, expects to have the building completed in February, provided material supply and weather conditions are favorable. More than a hundred persons will be employed in the plant.

PEPSI-COLA PLANT-Work is proceeding on the Pepsi-Cola bottling plant on Ludington street, near 25th street. The building, 50 by 120 feet, is of concrete block construction. L. M. Fleming, manager of the Fleming-Smith Bottling company, said he expects to begin operations after the first of the year. The company has the Pepsi-Cola franchise in Delta, Dickinson, Schoolcraft and Menominee counties in the Upper Peninsula and Oconto, Marinette and Florence counties in Wisconsin.

Schleis, Escanaba trucking line operator, has completed the construction of a new furniture ton street. The concrete block structure is 40

total assemblies moved forward, most manufacturers reported losses on operations The Automobile Manufacturers'

that passenger car manufacturers necklace sets with birthstones. suffered a net loss of \$5,493,046 in the first nine months of 1946. This gifts that will please the girls. You represented a net loss, calculated can't go wrong with a scroll-deafter tax credits, of one-fifth of a cent on every dollar of sales for the period

In 1941 the passenger car makers showed a profit of 6.45 cents per sales dollar.

Prices cannot come down, the industry experts explain, until volume goes up-up considerably over the 1946 showing and the indicated 1947 achievement.

The 2,000,000th passenger car to be produced this year should come off the assembly lines this week, if the industry maintains anywhere near last week's output level. Instead of falling off as expected last week, production moved into new high levels for the year, due largely to the efforts of General Motors' Divisions to complete their schedule output of 1946 models before Christmas.

The trade publication Automotrucks. This brought the year' production to date to 1,959,723

The Chevrolet total now is placed Ford's 184,838.

#### Safety Engineer Is Transferred

Chicago -Clarence B. Randall vice-president of the Inland Steel Company, today announced that W. T. McCormick of Ishpeming, Mich., safety director for iron ore and limestone operations for the past 11 years, is being transferred, effective Jan. 1, to Indiana Harbor, Ind., to become supervisor of occupational hygiene for all the company's operations.

He will continue as safety director for iron ore, limestone, fluorspar, and vessel operations, but occupational hygiene for these and also for the company's coal and steel producing operations will be his primary responsibility.

Mr. Randall said that John H. Strome of Ishpeming is being appointed assistant safety director with primary responsibility in iron

# RATIONED

It's here now! Plenty of it! Gin made with imported botanicals!

WALKERS

GIN

S 1.78

PINT CODE #541

ONE SHORTAGE is now just a matter of unhappy history. The shortage of quality gin. For Hiram Walker's Gin is back!

Hiram Walker uses only imported botanicals ... gladly pays a premium price to import them only during the "vintage years" when Mother Nature produces them at their flavorful best.

It is these costlier botanicals—distilled with finest American grain spirits-that give Hiram Walker's Distilled London Dry Gin its superlative goodness.

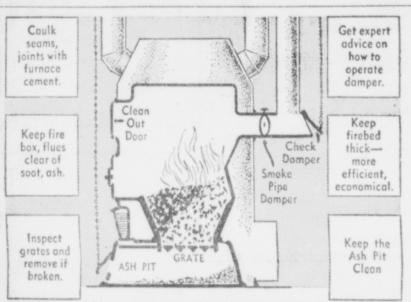

That's the big reason for the truly finer flavor of Hiram Walker's Gin. And now you can again enjoy to the fullest a fine Martini, a grand Collins, great gin drinks of all kinds-for this great gin is back!

Distilled London Dry

90 proof. Distilled from 100% American grain. Hiram Walker & Sons Inc., Peoria, Ill.

#### Obituary

MRS. MARY FOX

Funeral services for Mrs. Mary Fox, esteemed, longtime resident of Gladstone, were conducted yesterday morning at All Saints' Catholic church. The solemn requiem mass was chanted by the Rev. Fr. Matt Laviolette. Assisting in the mass were the Rev. Fr. Sebastian Maier of Escanaba and the Rev. Fr. Eugene Berendsen, O. Praem, of Manistique.

Music of the mass was sung by Mrs. Elmer Vanderberg, Mrs. L. J. Weingartner and Pat Bolger under the direction of Mrs. C. A. LaFave, organist. The communion hymn was sung by Mrs. Vanderberg, at the offertory Gounod's Ave Maria was sung by Miss Bolger and "On This Day Oh Beautiful Mother" was sung by the group as the body was being removed from the church.

Pallbearers were William Grawey, Elmer Vanderberg, Napoleon Valind, Joseph LaPoint, Sigg Sandstrom and Ed Lawin, Burial was made in Fernwood cemetery. The Kelley Funeral Home was

## MUNN OFFERED MSC COACH JOB

Syracuse Mentor Says Spartans Want Him And His Staff

East Lansing, Mich., Dec. 10. (A')
—Clarence "Biggie" Munn, head
coach at Syracuse University, announced at Syracuse today that he had received a coaching offer from Michigan State college.

Munn confirmed reports he had talked to Athletic Director Ralph Young and other MSC officials and that he had received an offer 0 | covering himself and his staff of assistants.

The Syracuse mentor commented, "A fellow would be very fool-FG F FM PF ish not to take into consideration 4 a chance for possible advance-2 ment. I'm awfully lucky to have this Syracuse job and I'm highly flattered that MSC is considering o me and my staff."

0 Syracuse Athletic Director Lew 1 Andreas said Munn, former Uni-3 versity of Michigan line coach, 'hasn't asked to be released" but 16 added however that he would confer with Munn very shortly.

At Michigan State, Dr. John A. Hannah, college president, reiter-By Hermansville ated previous declarations that 'no decision has been made on the Tight defense by Hermansville MSC coaching situation" and de-

Munn took over as Syracuse

Hermansville (35) FG FT PF Andreas pointed out however that 0 most universities, including Syra-3 cuse, followed a policy of "not 3 standing in the way" of a man's advancement.

Munn, whose 1946 team won 0 four games in nine starts, suc-1 ceeded Ossie Solem as Orange 1 head coach.

Munn's present staff includes 0 Forrest Evashevski, who gained 0 fame as Tom Harmon's quarter-0 back at the University of Michi-0 gan; Kip Taylor, former Ann Arbor. Mich., high school coach, and Totals ...... 14 7 11 Hugh Daugherty, former Syracuse

#### CARD OF THANKS

We wish to take this means of expressing our sincere appreciation of the wonderful acts of kindness shown us by neighbors and friends during the illness and at the time of the death of our beloved daughter and sister, Mrs. Josephine Campbell. Especially do we wish to thank those who served as pallbearers, donated the use of their cars, sent floral and spiritual bouquets and to all others who aided us in so many ways. The memory of these acts of kindness will always remain with us.

Light Metal Shortage Delays Housing Program

Washington-Aluminum shortage is delaying the housing pro Houses, made largely of this light metal, were expected to others of lumber and brick meet America's present needs. Now it looks as if aluminumouse production this winter will

fall below expectations.

Aluminum production in the United States will approximate 800,000,000 pounds this year, government officials estimate. Additional will be obtained from other countries. But the needs are some 40 percent greater than the total

aluminum. The present production, however, is being stockpiled for shipment to England in the spring. American producers are noping that part of it can be obproduction to the United Kingdom

num in 1945 was approximately 967,000,000 pounds, but this is far short of production during the war trasted with the prewar 1939 fig-

The shortage of aluminum is due to the severe cut-back in production following V-J day when gigantic orders for airplanes were grantled. We have the severe cut-back in production following V-J day when gigantic orders for airplanes were grantled. We have the severe cut-back in production following V-J day when gigantic orders for airplanes were grantled to the produced.

Other members of the troop committee, composed of Carl G. Nelson, Joseph H. Ivens, Fred J. Hirn, Swan M. Johnson and Mr. Watt.
